School Bonds Carry in Both Torrance and Lomita Friday

(Continued from Page 1-A) However, no action has yet been taken officially by the Board of Education to decide the new school's location.

Although only 511 electors out of the 2609 registered voters here went to the five polls in Torrance at last Friday's school bond election, the bonds for both the elementary and high school were endorsed more than four to one. A two-thirds vote was necessary to carry the \$12,720,000 bond issue. The Junior College proposition, whereby the Los Angeles Junior College District would receive by its creation \$100 per pupil from the state instead of \$27 as at present, was approved better than five to one in the local election.

To Start Boys' Band in City April 10

Ralph Selby
Concert Bandmaster

In an effort to provide an outlet for the musical talent of Torrance boys as well as to help the merchants of the city by giving Saturday evening concerts downtown, a Torrance Boys' band is to be organized Friday evening, April 10, at 7:30 p. m., in the band room at the southeast corner of El Prado and Border street.

Through the courtesy and cooperation of J. C. Smith of the Torrance Investment Company, this storefront has been given the boys for rehearsal purposes. The room at the present lacks rugs and chairs and the call is now being made for these articles. If any citizen has any they would like to donate or loan to the boys, please phone Mr. Smith at 176 or the Chamber of Commerce.

Organized Many Groups
Ralph Selby, who is organizing the band on his own, with no remuneration from anyone, is a graduate of the University of Southern California College of Music, and for the past five years has been connected with Harold Roberts and his various musical organizations. Selby has organized many successful juvenile bands locally, among them being the Hermosa Boys' band, Redondo Girls' band, All Nations Boys' club band, L. A. "Y" band and several military academy bands.

It is hoped that the townspeople will take a deep interest in this civic project as the potential possibilities of a boys' band is invaluable to a city both from an advertising as well as a concert angle.

Fred Teal Passes On Sun. Here

Fred Teal, father of Mme. Teala Billini and Wilfred Teal, passed away Sunday morning at 6:30 o'clock at the Jared Sidney Torrance Memorial hospital. He was 69 years old. Mr. Teal was ill for the past two years and had made his home for the past seven years at the residence of his daughter, Mme. Billini, 1304 Portola avenue. For the past year he had been confined in a health sanitarium in Los Angeles. He was brought to the local hospital March 24 for treatment. The funeral services were held in the chapel of the funeral parlors of Gates, Crane and Earl, of Hollywood, friends of the family for many years standing. Mrs. Gates played the organ and Weyland Echols, tenor, sang two numbers.

Mr. Teal was a native of England but had been a citizen of this country for more than 20 years. Besides his daughter and son, he is survived by a sister, Mrs. D. A. Simpson, of Redondo; and a brother, Will W. Teal, of Culver City.

TONS OF BUTTER

By the United Press
WASHINGTON.—Data collected by the census bureau in its census of manufacturers taken in 1930 shows that production of butter in the United States in the preceding year totaled 1,518,915,529 pounds, valued at \$664,415,577. The figures included whey butter and butter oil.

Tennis Players Should Enroll For Schedules

"We are enrolling people of Torrance for tennis so as to make it possible for them to be certain of the use of the courts at a definite time in the evening," Guy L. Mowry, principal of the Torrance Evening high school said this week. "The schedule will accommodate eight people from 7 to 8 p. m., and eight more from 8 to 9 p. m., every Monday, Tuesday and Wednesday evening. We urge the tennis players of the city to come to the high school and enroll for the use of the courts."

Principal Mowry said that the ladies' gym class will meet next Tuesday evening again. Unless more attend the class, it will have to be discontinued. Those interested should enroll and help keep the class in Torrance. "It is an inspiration to work in the evening school," he stated. "Everybody is there for work and eager to learn all they can. We urge the people to come and prepare for the jobs they are hoping will come their way."

DOTSON AT HOSPITAL

Harlow Dotson, chief electrician at the Columbia-Steel plant, is confined at the Jared Sidney Torrance Memorial hospital with a severe attack of neuritis.

Miss Bessie McCarthy and her mother, Mrs. Dan McCarthy, were entertained Sunday by Mr. and Mrs. J. V. Murray at a theater party in Los Angeles.

Three Fire Alarms; Brooder Explodes, 100 Chicks Perish

An overheated gasoline motor caused a lot of smoke and a fire alarm turned in at the Moneta Water Company's pump house early yesterday morning. The alarm was answered by the local fire department, but there was no fire and no loss.

Tuesday morning a short circuit, caused by amateur wiring at the home of Lillian Faulkner, 2367 Sonoma avenue, started a small fire which burned off the covering on the wire, according to a report at the fire station.

Monday afternoon a brooder house burned to the ground in the 1100 block on Wilmington boulevard, destroying 100 baby chicks and 200 pounds of feed. L. H. Davis owned the brooder, which is reported to have exploded when ignited.

Women's Club Notes

Reservations for Motion Picture luncheon may be obtained by calling Mrs. Evangeline Parr, 516 Boccaccio avenue, Venice. This luncheon will be held at the Ambassador hotel Friday, May 22. The speaker of the afternoon will be Louis B. Mayer. This affair is given as a tribute to Mrs. Will Lee Austin, chairman of motion pictures for Los Angeles District California Federation of Women's clubs. Many stage and screen celebrities will be present and a promise of two stage presentations has been made.

Mrs. Karmes Dolley gave a very interesting talk at the Woman's club yesterday on the Italian Renaissance, telling several intimate stories of persons well known in Italian life during that period. This talk was illustrated by many copies of paintings and sketches of the persons and the places intimately connected with them.

Mary Lou Dutton and John Page of Los Angeles gave a couple of skits which were greatly enjoyed by the club. Miss Dutton and Mr. Page have been appearing over radio station KGER.

Mrs. Collins, president of the club, announced that the bridge party which was to have been held on the evening of April 10 will be held on the evening of April 16. The birthday luncheon will be held on May 6 and there will be a table for each month with a birthday cake for each table. Those attending will be placed at the table which represents by its decorations the month in which they were born.

Two Local Men Are Accused of Theft

Accused of stealing an automobile belonging to a Hollywood man, Max Rubenstein, 17, and Isadore Yettra, 25, both living at 2268 Sonoma avenue, were arrested by local officers Tuesday and turned over to police from the Hollywood division. Yettra, who operates a wrecking yard on Torrance boulevard, is reported to have been released on \$1000 bail while Rubenstein is still confined in the juvenile hall.

Police stated that the machine of the two local men are said to have stolen early Friday morning has not yet been recovered. Both claim they are innocent of the charge.
